Conveniently located in the downtown Center City area within blocks of the convention center, the **Philadelphia** Fogo de Chão is housed in the historic Caldwell's Jewelry Building. The interior, originally designed by famed Philadelphia architect Horace Trumbauer in the French Regency style, features French-cut chandeliers hanging from 20 foot ceilings. These design elements are complemented by our signature select woods, natural and polished stones, and large murals depicting ranch life in Southern Brazil. The perfect setting for an elegant and memorable dining experience!

The dining area seats 320 guests, and is complemented by private dining rooms capable of hosting 80 and a semi-private dining room capable of hosting up to 120.

Valet parking is offered during dinner, and additional parking is available in area garages. Limited metered parking is located around the restaurant, but can be difficult to find.
